SUMMARY

I'm a second-year B.Tech student specializing in Computer Engineering at St. Francis Institute of Technology, Mumbai. I'm passionate about coding and constantly curious about how things work beneath the surface. I enjoy exploring new concepts that challenge me and help strengthen my problem-solving skills.

SKILLS

- C/C++ programming language
 - Python Programing
 - Java Programing
 - Git & GitHub
 - Problem Solving
 - HTML
 - CSS
 - Javascript
-

PROJECTS

Personal Portfolio Website

This website I made by using HTML ,CSS , Javascript . In this website I have added my skills, about myself and basic contact form.
